Ready to find out more?

01 What is Life cover?

What's the benefit?

Life cover (also known as Life insurance) helps to protect the financial needs of your loved ones, or people who rely on you after you die.

What does it do?

It pays out a lump sum that can be used to support your family who may rely on your income to; pay off a mortgage, cover household bills and expenses or pay-off any debts.

When does it pay?

Either when you die or have been diagnosed as terminally ill and given less than 12-months to live.

Make sure it's right for you.

Life cover can help if you've got any of the following:

Family that rely on your income.

Mortgage to repay.

Children to put through school.

Debt to repay.

02 Key facts you should know.

Available on its own or can be linked with other cover types.

No cap on the amount of cover subject to the checks made on the health and financial information you provide.

You can apply aged 16-75 and there's no expiry age, so it continues for life (or until you cancel or stop paying for it).

Choose how you want to pay; a set price for a fixed period-of-time or payments that increase each year.

What does it cost?

Here's an indication of the fortnightly cost of Life cover. This is based on choosing Life cover with a payment that increases each year as you get older.

Gender.	Amount you are insured for.	30 Yr old.	35 Yr old.	40 Yr old.	45 Yr old.	50 Yr old.
F	\$250,000	\$10.00	\$10.00	\$12.06	\$16.18	\$25.66
F	\$500,000	\$11.90	\$14.12	\$19.31	\$26.73	\$43.79
F	\$750,000	\$15.60	\$18.76	\$26.11	\$36.61	\$60.78
M	\$250,000	\$11.24	\$11.04	\$13.30	\$18.75	\$29.93
M	\$500,000	\$17.83	\$17.46	\$21.54	\$31.35	\$51.47
M	\$750,000	\$24.01	\$23.49	\$29.26	\$43.16	\$71.66

The costs above are:

- + Estimates only and are not promised.
- + For a non-smoker without health risks or risks associated with family history or pastimes. Your costs will be more if you have any of these.
- + What you would pay in the first year of your policy if you took it out on 1-November 2021. These costs are likely to change and should not be used as an estimate of what you may pay in future years.

03 Here's a snapshot of what's included.

- ✓ **Advanced payment** – When you die, your beneficiary may receive up to \$15,000 from your Life cover, which can be helpful for immediate requirements such as funeral costs.
- ✓ **Receiving a terminal diagnosis** – You may choose to receive payment for the total amount insured if you have been diagnosed with a terminal illness and been given less than 12-months to live.
- ✓ **A reduction in your life expectancy** – Sometimes a diagnosis, while not terminal will reduce your life expectancy. If you are diagnosed with one of the conditions named in the policy, you may receive an advance payment of 30% of your total amount insured.
- ✓ **Increase your cover without additional medical information** – There are lots of milestones in life that can prompt you to increase your cover. You're getting married, having a child, taking out a mortgage or increasing it. As life changes, so can your cover. At times like these, you might be able to increase your cover without providing any additional medical information.
- ✓ **Flexibility to put your cover on hold** – If you're finding it hard to meet your premium payments because you've been made redundant, declared bankrupt or have decided to undertake study or overseas travel you have the option to put up to \$500,000 of your Cover and premium on hold. No claims will be payable while your cover is on hold. This is only available if, when you take out the cover, you choose to have payments that increase every year.

04 Consider adding options to suit your personal needs.

Here are some of the options you can add-on to your Life cover that may require payment of an additional premium.

Inflation protection.

To help the amount of your Life cover keep up with inflation, you can choose to have your sum insured increase by at least 2% each year without providing any medical information.

Extra terminal payment.

If you're diagnosed as terminally ill with less than 12-months to live and survive 30 days after diagnosis without a life support system, this cover will provide an extra amount of money in addition to your Life cover. It can be up to 25% of your Life cover amount, to a maximum of \$500,000.

Link to other cover types.

Life cover can be taken out on its own, or you can choose to have other covers, like Trauma or Total and permanent disability linked to provide an advanced payment, that will be deducted from your Life cover.

01

What is Total and permanent disability cover?

What's the benefit?

If you became totally and permanently disabled, this cover (called TPD for short) can help you get the care you need – and ensure you and your family is looked after.

What does it do?

TPD cover will pay a lump sum to help cover your bills, medical care or even home alterations that maybe required.

When does it pay?

TPD is paid out if you become totally and permanently disabled and are unable to work – whether that's in a workplace, home or even if you're a student. Depending on the extent of your disability, you'll receive payment of the full sum insured or a partial payment.

Make sure it's right for you.

TPD cover can help:

Provide financial support if your partner needs to take time off to care for you.

Pay for medical care costs.

Pay for any alterations to your home that may be required to improve accessibility.

02

Key facts you should know.

Available on its own or as an advanced payment deducted from your Life cover.

You can apply aged 16-64.

You'll be asked to supply personal details about you; like health and finance.

Max level of cover is \$5m.

Even if you don't have a paying job (house-person for example), cover is still available, we'll just assess your cover differently.

Choose how you want to pay; a set price for a fixed period-of-time or payments that increase each year.

03 Here's a snapshot of what's included.

✓ Two levels of payments –

1. The full lump sum will be paid if you are so disabled through injury or illness that you are unlikely ever to be able to perform the duties of your own or any other occupation.
 - An 'own occupation' definition is available for certain professional groups and has a higher premium. This policy can include unpaid home duties as an occupation and therefore a house-person can also be covered.
 - We also have some non-occupation based definitions which are based around; activities of daily living, cognitive impairment, loss of sight or loss of limbs.
2. A partial benefit payment of up to \$75,000 may be payable on the loss of use of a limb or sight in one eye.

✓ **Increase your cover without additional medical information** – There are lots of milestones in life that can prompt you to increase your cover. You're getting married, having a child, taking out a mortgage or increasing it. As life changes, so can your cover. At times like these, you might be able to increase your cover without providing any additional medical information.

✓ **Flexibility to put your cover on hold** – If you're finding it hard to meet your premium payments because you've been made redundant, declared bankrupt or have decided to undertake study or overseas travel you have the option to put up to \$500,000 of your Cover and premium on hold. No claims will be payable while your cover is on hold.

04 Consider adding options to suit your personal needs.

Here are some of the options you can add-on to this TPD cover that may require payment of an additional premium.

Inflation protection.

To help the amount of your TPD cover keep up with inflation, you can choose to have your sum insured increase by at least 2% each year without providing any medical information.

Buy back your Life cover.

If we have paid you your full TPD cover, you have the option to buy back your Life cover reduced by your TPD claim 12-months later. This returns your Life cover to the same amount you had before your claim. This is only available when you have chosen to take TPD cover as an advanced payment deducted from your Life cover.

Waiver of premium.

Should you become disabled through illness and injury, and you have this cover, once you have waited through the waiting period, the premiums on your policy will be waived. This means that you do not pay for your cover. And any premiums that were paid during the wait period will be refunded.

Ready to find out more?

01 What is Trauma multi cover?

What's the benefit?

If you were to experience a medical condition like a heart attack, cancer or a stroke, this can have a big impact on your life. And there's also a chance you experience more than one condition in your lifetime. Trauma multi cover offers the opportunity to claim for up to 5 unrelated medical conditions.

What does it do?

Should you experience multiple trauma events in your lifetime that are covered in the policy (see page-5), it pays up to 5 separate lump sum amounts which combined, add up to the total amount insured.

When does it pay?

If you have been diagnosed with any of 40+ trauma conditions named on page-5 and its defined definition. Depending on the condition you'll receive payment of up to 20% of the full sum insured or a partial payment.

Make sure it's right for you.

Trauma multi cover can help:

Support family that relies on your income.

Pay for medical costs not covered by the health system.

Provide financial support if your partner needs to take time off to care for you.

Provide cover for your children.

02 Key facts you should know.

Available on its own or as an advanced payment deducted from your Life cover.

You can apply aged 16-64 (69 if linked to Life cover).

You'll be asked to supply personal details about you; like health and finance.

You can pay fortnightly, monthly, quarterly, half-yearly or yearly.

A maximum of 5-full benefit claims can be paid during the period of cover.

You're covered for all Trauma conditions listed on page-5, though for some conditions cover starts 3-months after you've taken out your policy.

03 Here's a snapshot of what's included.

- ✓ **Protect your children** – For no extra cost your children (ages 2-20) would also be covered. Should they suffer one of the eligible Trauma conditions a payment for a percentage of your cover would be paid. This is an additional payment that does not reduce the amount of the parent's cover.
- ✓ **Multiple payments** – With Trauma cover after the first diagnosis of a specified illness a lump sum payment is made and the cover ends. However with Trauma multi cover you will receive up to 20% of the total sum insured on diagnosis of the condition. Should you experience any further unrelated Trauma conditions specified in the policy, you can also claim for up to a further 4-events, during the period of your cover.
- ✓ **Increase your cover without additional medical information** – There are lots of milestones in life that can prompt you to increase your cover. You're getting married, having a child, taking out a mortgage or increasing it. As life changes, so can your cover. At times like these, you might be able to increase your cover without providing any additional medical information.

04 Consider adding options to suit your personal needs.

Here are some of the options you can add-on to this Trauma multi cover that may require payment of an additional premium.

Inflation protection.

To help the amount of your Trauma multi cover keep up with inflation, you can choose to have your sum insured increase by at least 2% each year without providing any medical information.

Buy back your Life cover.

If we have paid you a full benefit under your Trauma multi cover, you have the option to buy back your Life cover reduced by your trauma claim. This returns your Life cover to the same amount you had before your claim. Depending on your condition this can be 6 or 12-months after your claim. This is only available when you have chosen to take Trauma multi cover as an advanced payment deducted from your Life cover.

Waiver of premium.

Should you become disabled through illness and injury, and you have this cover, once you have waited through the waiting period, the premiums on your policy will be waived. This means that you do not pay for your cover. And any premiums that were paid during the wait period will be refunded.

05 Ready to find out more?

Here are some examples showing how Trauma multi works.

Multiple claim example – a second cancer.

Multiple claim example – after a partial claim.

These scenarios are examples only and each claim is assessed based on supporting medical evidence.

What else should you know?

1. A maximum of 5-full benefit claims can be paid during the cover.
2. While we won't pay a claim for a related event, we will pay a claim for an unrelated separate event on the same condition as long as there's at least 6-months between them.
3. A full benefit payment is 20% of the sum insured (counted as one claim).
4. A partial benefit payment is 10% of the sum insured up to \$25k of the Trauma multi cover sum insured and is an advance payment of the full benefit where these are related.
5. There's no waiting period between claims as long as they're for different trauma conditions.

At times like these, you might be able to increase your cover without providing any additional medical information.
- ✓ **Flexibility to put your cover on hold** – If you're finding it hard to meet your premium payments because you've been made redundant, declared bankrupt or have decided to undertake study or overseas travel you have the option to put up to \$1,500 of your cover and premium on hold. No claims will be payable while your cover is on hold.

Depending on your condition this can be 6 or 12-months after your claim. This is only available when you have chosen to take Trauma cover as an advanced payment deducted from your Life cover.

Trauma reinstatement option.

Once you are paid a full benefit under your Trauma cover, the cover ends. This option allows you to reinstate your Trauma cover without having to provide any additional health evidence 12-months after receiving payment.
